NovaTech Brand Guidelines

Version 1.2 - Effective 1 August 2026 - Owner: Brand Office

Who we are

Our brand personality is innovative, trustworthy and approachable.

Voice and tone

Maintain a friendly but professional tone.

Make promotional content exciting and persuasive.

Always use formal communication.

Use casual language in every social media post.

Customer support emails should be clear and concise, with sentences under 25 words.

Terminology

Never use the word "unbreakable" because no device can be guaranteed against damage.

Do not use "risk-free" or "guaranteed results" in any communication.

Always write "NovaTech X1" in full.

Do not use "Nova X1" or "the X-One".

Visual identity and accessibility

Primary colour: Nova Indigo #23264F.

Accent colour: Signal Coral #D9705A.

Text must meet a contrast ratio of at least 4.5:1 against its background.

All published images must include alternative text.

Messaging

NovaTech X1 is positioned for students and professionals seeking reliable everyday performance.

Instagram captions should be under 150 words and end with a clear next step.
